Terms and Conditions

DONATION PRIZE

As part of the competition prize, the winner will have the opportunity to nominate a registered charity, school or community group to receive a donation from the organisers.

The nominated recipient must:

- Be based in Wales or primarily deliver services benefiting people in Wales.
- Be a registered charity, educational establishment, not-for-profit organisation, voluntary group, community organisation or other body approved by the organisers.
- Have a bank account in the name of the organisation to which the donation can be paid directly.
- Be able to demonstrate that any donation received will be used for charitable, educational or community benefit purposes.

The donation **cannot** be made to:

- An individual person or family.
- Personal fundraising appeals or crowdfunding campaigns.
- Political parties, political campaigns or organisations whose primary purpose is political activity.
- Organisations or causes that promote discrimination, hatred, violence or illegal activities.
- Any organisation that the organisers reasonably believe may present a reputational, legal or ethical risk.

The organisers reserve the right to verify the status and suitability of the nominated organisation before making the donation. If a nominated recipient is deemed ineligible, the winner will be invited to nominate an alternative organisation.

The organisers' decision regarding the eligibility of donation recipients is final.

The organisers reserve the right, at their sole discretion, to refuse any nominated recipient that does not align with the values and objectives of Welsh Charities Week. In such circumstances, the winner will be asked to nominate an alternative eligible organisation.
